“ I was shocked to hear that Evelyn Davis had passed, a true one of a kind woman. I met her when she worked at my office several years ago. Patient, helpful, and efficient, she easily learned to run the front desk and the computers, and we had great times together. I have many good memories of her, and I missed her friendship terribly when she moved on. She touched many lives everywhere she went, but most of all she was proud of her children and family more than anything in the world. I know there is an empty place in everyone's heart. I am very sorry for your loss, thoughts and prayers to her family and friends.

“ Evelyn always made me smile. She was there to help me through a few rough patches in my life. She was the most giving person I knew. Together over the years we played online reality games with friends as we loved survivor and Big Brother. We shared our birthday month and had a celebration as we are only a day apart. So sorry she is gone and condolences to her children, husband, and family. She will always be missed. From all of us here in Pennsylvania. The Waring Family

“ Evelyn was one of my most very dear childhood friends. She was more like family to me. Although life took us in different directions, we remained endeared to each other. I will miss her honesty, although blunt at times, she always spoke her truth. Evelyn’s love was tough and it must be earned. But once it was earned, you knew it. She was fiercely loyal. I will always cherish our memories. She was one of a kind. Fly high my friend til we meet again. I love you.
