“ Adam onced loved me with his whole heart that Im sure nobody knows. He picked me up and change my life. He was the only person who was there and gave me hope. Im very very sad I didnt meet him personally, didnt able to hug him or kiss him but I really felt his love for me and to my family. Im so sorry that I received the news late about your death. But wherever u are I hope u are free from any pain and if u are seeing us, pleae be our angel as u are always. I love u Adam and im going to miss u everyday. I will never forget how u touched our lives here in the Phillipines. No goodbyes, but see u soon honey. It hurts me a lot but I know we're going to meet each other there in heaven.
