“ Once My Nana & I took a road trip together. I got the sickest I've ever been in my life with strep throat. She took care of me and made sure I got better. I remember her standing over me to make sure I was ok, as I laid in bed with a high fever. I recovered and we then went to Loretta Lynn's home-place and toured it. I carved our name in a wooden bench there and she helped look around to make sure no one saw me doing it. Lol. She always had my back and she was the best friend I could have had...She was the strongest force in my life. I will miss her everyday.

“ One of my favorite Adieisms. My sister came home many years ago for a visit and went into Siler's Variety. Adie was up on a ladder doing Lord knows what.

Hey, Adie, my sister hollered up.

Hey, Kathy. (she answered without looking down) How's it going?

I'm Beverly, my sister answered.

That's good, Adie said. Again without looking down.

We laughed about that for years. Thanks for all the laughter, Adie.

“ We have so many wonderful memories with Mrs. Adie she sat behind us each Sunday at church and she was always so much fun. She knew when I lost my mama that I was so sad and she said "You did such a good job taking care of Agnes and she would not want you to be sad, she would want you to remember all the good times and be happy." "She knew you loved her and you knew she loved you, that is the most important thing of all to hold dear." I appreciated her so much for all her advice and all the good memories we had together. Love and prayers for all the family.
