“ *I can remember when Alan first arrived at Bald Knob Elementary. He was alone and sad I went up to him and made him welcome. We were friends from then on.*

He went on to become very popular through out High School. He was big in football. I remember the last time I saw him. I was walking to class at ASU and someone called my name. I looked around and saw him and others from good old BKHS riding in a car. I got in rode for a while. We all had a good visit.
