“ So sorry to hear of Annie Lou's passing. She was a dear friend of both my parents. Annie Lou worked with my father, Bill Larson, at Allied Chemical Plant in Pulaski for many years. She and my mom, Doris Larson, who also worked at Allied Chemical for a period of time remained good friends ever since. They worked together over the years planning several reunions for Allied Chemical employees. I've known Annie Lou my entire life. She was a dear lady. Everyone in Pulaski used to look forward to her articles in the Southwest Times, myself included. I have a number of them in a scrapbook. She often spoke of the good old days at Allied Chemical and my dad. Although my mom moved to Northern Virginia to be closer to me several years back, we kept in touch with Annie Lou. Unfortunately though, not as often as we should have, but always saw her on our trips to Pulaski. She and my mom used to celebrate their birthdays together, since they were only one day apart. I don't know any of Annie Lou's relatives and I only vaguely remember her mom, but I hope whoever reads this message will know how much my parents and I thought of her. She lived a full and I'm sure a fulfilled life and will be greatly missed by all who knew and loved her. My Mom and I both send our condolences.

Nelia Larson-Mann (daughter of William A. Larson & Doris Meredith Larson).
