“ Oh my. I was just wondering why I had not heard from Audie. I tried to call a couple of months ago and there was no answer. I just decided to Google her name and found her obituary. I am so sorry. She and Ab were special to Calvin and I. I loved her and have missed talking to her. Ab's Mom was my husband's Aunt. My heartfelt sympathy to all of you.

“ I will so miss this sweet lady, my cousin, Audie. Talking with her on the phone, her kindness and care for all. She was tough minded and soft of heart, wise and understanding. She knew how to lift you up and stay in touch with you, even with so many miles in distance from each other. God's Angels are just so honored to have her in their mist. I loved you then Audie...and will always love you in memory and thoughts. Ellen Frances Brumley Pethick.

“ *Grandma, you are everything good in me. Thank you for loving me. Grandma had that special gift of making each of us feel special in her presence even though there are so many of us. When you were with her she made you feel like the only one and most important one. She would go great lengths to ensure everyone felt special. My favorite was seeing how she would change pictures based on who was visiting. With all of us she didn't have room for them all 24/7. She took the time to pick out her favorites of each person or family to display on their visit. She'd make your favorite meal, etc. Grandma was also a giver. You couldn't leave her house without something even if it was just a foil wrapped frozen mystery, no one left empty handed. Audie was a fighter! Grandma fought to stick around so long Bc she knew we all needed her. She touched so many lives and I know I wouldn't be who I am today if not for her.*

“ There are many things I'll remember
About my mom.
How soft her hands were,
How her eyes sparkled,
How her smile lit up her entire face.
I'll remember the hearty sound of her laugh,
And the tone of her voice when
Someone disappointed her.
But most of all, I'll remember how I felt
When she said to me, "I love you."
That was the best feeling in the world,
To know this very special woman
Loved me with all her heart.
Of all the memories that may dim
In the coming years,
That feeling is something I know
I'll never forget. And I just want to say,
I love you too, Mom.
