“ We did not know Austin, but we regret your loss and sorrow. My wife and I have lost sons a little younger than him and we regret that you are having to endure this pain of the "valley of the shadow of death." We found that each person grieves in a unique way and time, so we encourage you to allow that in your families. We found a helpful program called “Grief Share” that’s available in many towns in Arkansas and around the country that are listed on the website www.griefshare.org Parents and other family members just like you going through loss of loved ones meet and share their struggles and successes and view a short film that offers helps including advice from counselors. When the timing is right for you, consider looking into the program .
May God provide you extra comfort at this time.
