“ *We did not know Austin, but we regret the sorrow you feel - we grieved the loss of two sons in their 20's. We can tell you that as time passes you will be able to remember more of the good times and dwell less on the loss of Austin. We found that each person grieves in a different way and at different times and see things differently sometimes, so we encourage each of you to allow for those differences in your families.*

*We are of the Christian faith and as we dealt with our pain we came to understand that God is still sovereign. May you find comfort as you walk through this “valley of the shadow of death” and may friends share their good memories of Austin with you.*
