“ PA,
I was devastated to hear of Ma's passing. I received a call from Steve Womack this Am and did not know until after the funeral had taken place. I would have been there had I known before the funeral. I know that she is singing in the happiest quartet in the throne room and is free of suffering forever more. I love you both dearly and miss you both terribly. I look forward to one day being a part of that Trio once again - I know the harmony will be wonderful and our Lord will be pleased. Take care of yourself and try to remember that love that always sustains you.

“ *I am sorry to hear of the death of Betty. I have been acquainted with her for a long time. We worked together at Westinghouse and I knew her through song and testimony. She lived her life for other people. May the family be comforted by the loving Grace of our Savior.*

“ *Junior and family,
Our thoughts and prayers are with you. We love you all and you have been so special in our lives. Praying for comfort and peace until we all meet again - here in this life...or at home.*
