“ Brent, I didn't know you, but I've heard a lot of awesome things about you. From how smart and intelligent you were to what an awesome mechanic. My heart breaks for your family. You were so young. I know some of your old friends that you had in school they took it really hard, I wish there was a way that you could let them know that everything was OK and your family also. I wish there was a way you could let friends know that are not making good life choices that they need to think about it. Lots of love And tears, even though I didn't know you. RIP
