“ *We did not know your son Carlos, but we've had difficult times like you're going through right now. My wife and I lost two sons in the past (one 21 the other 20) and we cherish their memories. You may not think so in the next few weeks, but as time passes you'll be able to think more on the good times that you had together and less about losing your son. It is always good to hear people remember and name the one you've lost. Carlos will not be forgotten by friends and I hope they'll have the courage to talk of him with you. May God comfort you.*
