“ *Carmen was a wonderfully alive, creative and loving person. I knew her as an art student at the University of the Ozarks where she excelled. And most recently at the gift shop at Crystal Bridges where she was a delightful helper as we looked for gifts for my great nieces and nephew. I considered her to be like another daughter and was so very concerned about her DACA status. She made life in this state much better for anyone who came within her sphere of love and light.
