“ *Papal was a one of a kind man that loved his family very much. He married my mamal and they had 5 kids that were all boys. He worked hanging drywall until he retired to support mamal, his 5 boys, 2 nieces, and other family and friends that may have ever needed help. That's just who he was. He loved to hunt and fish and also loved his garden. He grew potatoes, turnips, strawberries, radishes, watermelons, and lots of other veggies and fruits. I can remember digging so many potatoes as kids before we could go swimming and getting in trouble for stealing turnips and eating them straight out of the garden with dirt still all over them. I remember Papal and Mamal taking my brother and I to Dogpatch USA and Silver Dollar City as kids. They took us on so many trips all over the state and even out of the state sometimes. They loved to travel especially if they could share that love with their grandchildren. Growing up we always spent Christmas, Easter, Thanksgiving, and every other holiday at their house. Papal and Mamal loved their family and always had an open door policy for family, friends, and even strangers now and then. Papal was a devoted husband of 59 years, a devoted family man, and a devoted child of God. I will miss him and mamal more than they will ever know. I couldn't of asked for better grandparents growing up. I only wish my children could of had as many years with them as I did. They will both be missed so much and they were loved by so many.*
