“ I have so many sweet, fun memories of Carol & Granddaddy when they lived in the trailer at Searcy. She let us play on the mechanical horse walker, pick wild blackberries, gently ran us & the pony silver out of the house when we brought him inside to brush his teeth, & laughed at us playing with the goats. She was feisty , loving, & most of all HAPPY!! I loved being around her:) miss those years!!

“ my dear, beloved friend, you are one that spanned decades with me, even when we went for some time without communication, you were one when we did speak on the phone or see each other after a long time span, it was never awkward, we just always picked up where we left off....I will miss you, I always knew you were but a phone call away....I hope you are having a big reunite with your mother, and other friends and relatives that went before you.....to all your children and grandchildren, I hope you all know how much you were all loved, she always had stories about you when we spoke, and her doggies too....I love all of you and am praying for Gods peace and comfort to be with each of youPamela Nannie
