Chris C. Robbins "AKA" Bubba, for the ones he loved most, worked construction all his life working in his home state of Arkansas and all over the United States. Chris was a heavy machine operator and was always hired out. He was a hard worker even in retirement. You would find him in his shop behind his home, working and building something either for himself or for someone else. Chris enjoyed the outdoors; hunting, fishing, mowing his yard, gardening and feeding wildlife on his property. He loved animals and always had a pet; either it be a dog, pet deer and at one time he had a bear as a pet. Chris would drive around town in his classic hot rod with the bear in the car with him. He fed it apples out of his hand. Chris had an infectious laugh. He loved life and he loved his family and friends. He would be the first to take

up for anyone that he loved. Those who knew him will miss him dearly and will always cherish the sweet memories of him. The family of Chris C. Robbins would like to thank the caregivers who helped in the time of need.

No memorial or services will be held at this time.

In honor of Chris, memorial contributions can be made to the American Cancer Society.

He was crazy about that little deer. The Fanta bottle on the table was what Chris fed him with.

I'm Chris's cousin. I remember when we were young I would go to Judsonia and stay a while in the summer with them. I was a "tomboy" when I was young & tried to keep up with the boy cousins as much as possible. That was ended pretty quickly one day when I followed along with him when he decided to ride Uncle Cliff's hogs. They were bigger than us & bucked us off & we'd just get back on. Uncle Cliff caught us & we were running from him. It was funny to us but he was actually surprised they didn't hurt us. We always had fun even throwing Granny Lulu's eggs at each other, she was pretty feisty & got after us too. We grew apart as we got older but I think of him a lot. He will be missed but I know he's in a great place. He was a good person. Kathy Long
