“ *Almost two years and not a day goes by where I don't think about you or miss you. I miss our making fun of my uncle and you having me sneak his stuff to you. Your laugh and going to church with you at 7:30 in the morning. You were a big part of my life and a person I would consider my father. I miss you Grandpa always have and always will.*

“ *He was an amazing grandfather to me! He helped me when i needed it and he would teach me about how to survive on my own. He also helped me learn how to work on an old ford and put the running board on it. He would always make sure i was ok and doing good in school.*

“ For me, my Father was no just a Dad in my life, but also my best and closest friend. He was always there for me when I needed him the most, and that's something I can never repay to the best father I could ever ask for.
