“ You were a good man, and an amazing father.. although we hurt for you to be with us we know you are somewhere better than here..looking over us day by day. I loved your sense of humor, I still quote things you said to me 20 years ago..Out son looks just like you and PaPaw Willard, he's a good young man and I'm proud of who we raised.
May you rest in peace and in love. We love you and will always be missed. Love Nina

“ Cody and me went to church together years ago when we were younger and worked together at Eaton for several years. We instantly became friends and talked about all kinds of stuff. He had been active duty and am in the Air National Guard so we talked about our military experiences and huntin and God. I almost had him convinced to join the Guard with me but he “ Wasn't ready to Shave his beard just yet”. Prayers for all the family. He will be missed. Go rest high on that mountain Cody.

“ Dear Reynolds Family,

As one of Cody's supervisors at Hill AFB, Utah, I got to know him very well. We both lived in base housing and he was an awesome guy to train and work with. He had an infectious personality and a great sense of humor. Whether we were towing munitions loads at work, or hunting for ducks, or on a deployment, or just hanging out, he always brought a smile to my face. He would often come over to my house and hang out with friends and my wife.

I was shocked to hear of his passing many years after we knew each other in the mid-2000s. I want you to know that I thought very highly of Cody and he had my utmost respect. I know you are devastated by this loss, but as a Christian I want you to know that his impact was great and God now has Cody in His palm and will forever be by his side.

*Sincerely and God bless,

“ *I'm completely heartbroken over this. Everyone in Cody's family are in my prayers!!! Cody and I were stationed at Hill AFB together. We deployed to Iraq in 2006. We spent many long days and nights together. We kept each other above water when times got tough. Though good and bad he was always by my side. I will always cherish those 4 am morning in the duck blind even though shooting light was still three hours away..... I'm still not happy about the time you hung that snake in my locker and I about trampled five people to get out the door..... Swing shift at line -D and picking on the guitar until morning. You were my best friend from day one minute one!!!!!! I'm gona miss the hell out of you. Till we meet again*
