“ Karen- I'm so sorry for your loss. My thoughts and prayers go out to you and your family. I only knew David through work, but he was a great help, and asset. I don't think I would have made it through my first harvest season without his guidance. He will be missed, and will always be remembered, especially when it is time to get our harvest rolling. Thank you to both of you, for all your help throughout the years.

“ Dear Karen & Family,
I was so in dismay when you called me last Friday. Karen you & David were like family to me working so closely together on the H2-A program for 8 years. My crew leader Damian Gonzalez always refereed to David as Davie. My crew confided in David & his contact person in Monterrey to the get crew from his home town in Mexico to Monterrey. David always answered all my questions & I trusted his opinions. Karen, you have a passion for your USA-MEX business & clients. I commend you for calling me last Friday, just the next day after his passing. You loved your clients & knew how important it was to immediately call them about David. My thoughts & prayers are with you & your family.
