“ I never knew anybody who touched so many lives in a positive and loving way as Dennis Gillam. He would give anyone the shirt off his back if they needed it.

It was always a positive and rewarding experience being with Dennis regardless of where we were, the farm, Elk Cove, Who Dats or watching TV in his living room.

Right now there are many friends and family members in need of that Peace that Exceeds all Understanding. I pray that God will grant us that Peace as He welcomes Dennis home.

“ I met Dennis and James almost 54 years ago. I remember about 50 years ago my office was a fish bowl. I felt that someone was watching me. I looked outside and there was Dennis and James watching me. I worked in Florida and they were supposed to be in Arkansas. I mouth do I know you and they just laughed. I know that Eva will remember this. They were suppose to be at work in Mississippi. They laughed about this many times. The two were like being conjoined twins. When you saw one the other one was near.

The last twenty years, Dennis always loaded our car down with fresh fruit when we stopped by to see them. There is just 2 of us, but he would give us enough for about 20.

When I remarked that we didn't need so much, he would say "share with your neidhbors"

That is what Dennis did. He shared. He will always be remembered as a generous man.

Eva, Jeremy,Doug, James, Margaret, Alta and families, you are in our prayers.

We love you! Elizabeth and George Forbis

“ *Mr. Dennis Gilliam was one of the most generous people with whom I've ever been associated! He made his mark on the hearts of many! If anyone at the school district mentioned a need for the Beebe School District, he would make it happen! We have Gilliam Field, among many other things, as an example of his kindness and generosity. My heart hurts for his family and I will definitely miss seeing him in our bleachers and visiting with him at ballgames and events. He was a special, one-of-a-kind person and my thoughts/prayers are with his family during this very sad time.*

“ *I remember my Cowboy (Perry Patterson) getting a flat of yellow Vidalia onions from Dennis. Dennis said go ahead and eat one they are very good. I looked at my Cowboy and he looked at me and said just eat it. So Dennis took one of the onions (a big one) cut it in half and told me to eat it like an apple. I didn't want to hurt his feelings so I ate three big bites of that onion. I couldn't wait until we got out of the drive way so I could spit it out lol. Dennis was always a very generous man. He and my Cowboy would do some trading with vegetables and fruit. When they were in season, Dennis would always bring a bucket of berries to the Country Kitchen and leave them with us. He will be missed very much. Prayers for comfort and healing during this difficult time.*

“ One of my first meetings with Dennis was 17 years ago when my family and I moved here from Texas. We had gone to his farm to check it out and get a few items from his store. Before we left I think he had given us more than we bought. In the past couple of years we got to be good friends, trading barbeque for fresh black berries and peaches. I will truly miss my friend.

“ So saddened to hear of Dennis passing from this life. He will surely be missed by all who knew him. He was the best County Judge we ever had in Craighead and I had the pleasure of work with him on several projects. I loved stopping by the farm and visiting with him and always getting jar of blackberry butter. Rest in Peace my friend.

“ Dennis was one of the most generous men I have ever known, and he had a quick wit. One day my dad and I had been trout fishing on the Little Red River, and we had a few fish that we had cleaned and were looking to give away to someone. We were going to drive by his farm on the way home so we called him and asked him if he wanted some fish. He immediately responded, "Well it depends. Is it by the pound or by the barrel?" He always had a way of making us laugh and we will miss him.

“ When we were kids, as cousins, Dennis, James, and my aunt would come to Clinton to see us or Loquita and I and my parents would go to Judsonia to see them a few times a year. So I have known him a long time. I was so proud of Dennis and James for doing so well with their lives. They had very little when growing up except a lot of love. That love, especially from their mom, encouraged them to do the best they could and to be kind and humble. They both did that. Dennis married his true love and succeeded with her by his side. Dennis and I didn't see much of each other, he would sometimes stop by on his way to see James, but I always knew if I needed his help, he would give it gladly. I will miss him.-----Laudell

“ My Uncle Dennis joined the great cloud of witnesses yesterday. He was a force to be reckoned with on this Earth, and I can only imagine the full impact his life has had on humanity. He was as wise and generous and hardworking and kind a man as I've ever known. He was a true advocate for common sense and justice for all. He was a great cook and a master of hospitality. He was better than anyone I know at bringing together a diverse group of people to the Thanksgiving table. They may not have known each other before they got to his home, but they were family by the time they left. And they probably left with a bucket of muscadines or blackberries, because he always shared the fruits of his labor with everyone, whether they asked for it or not. His loss is certain to leave a hole in our family and in our community. But his legacy is strong within his sons and grandsons who he poured into constantly. Every person he ever came in contact with is a better human for having known him. I will miss him, and wish I had more time with him. Lots of love to all those who feel the same right now.
