“ Words cannot express the blessings I have received from being one of Mrs. Dorothy's caregivers since her husband Coolidge passed away in March 2013. Along with several other caregivers around the clock for almost 6 months we became so bonded to Dorothy. She never tired of sitting in her porch swing when weather permitted. Listening to gospel and bluegrass music was another past-time we enjoyed with her. The Alzheimers took some of her memories but she never forgot how to pray and show love to her many relatives, friends and neighbors. Rest in peace, my dear lady. You shall be sorely missed here but I'm certain Heaven was full of loved ones welcoming you home.

“ I am so sorry to hear that you lost your mother. As I viewed the video, it brought back memories of my parents and the friendship they had with them. Those were good times, weren't they? My heart is with you during this sad time.

“ Wendell, Gail and Family, We arrived back from Virginia last night to learn of Dorothy's death. Words are inadequate to express what your parents meant to us, both in the ministry and our personal lives. True friends are hard to find and we considered them among the very best. Seperation from dear ones is difficult, to say the least, but the peace is in knowing they are happy in the Lord. We loved them and we love your family and will be praying for you.
