“ *My Dear Friend Rita,*

*I feel like I know your Mom and that I was part of your family through our almost 20 year friendship. The video is beautiful and I know you will treasure it forever!!! There is nothing in this world that can take away all the treasured memories you have shared with your Mom. You are blessed to have your Mom as your Mom and your Mom was certainly blessed to have you for her loving daughter. With very deepest sympathy.....Love You!*

“ *Grandma Smith was a strong lady of faith. She will forever be the godly example that led me to grow stronger in my Faith and Service to my Jesus Christ. I will miss our conversations around a slice of pie and a cup of coffee in her kitchen. We love her very much and we will miss her.*

“ If I was asked "Who is the one person in your life that warmed your heart the most?", I would say with out a doubt my Grandma. There was so much said that touched everyone at the funeral, but it didn't touch on a fraction of the things that could of been said. That would have taken weeks, if everyone could have shared there stories. She will be terribly missed by so many people, and there will be a large void in everyone's life without her! Edna Y Smith was an Angel sent on this earth to touch so many hearts. I love you Grandma! Now who do I call when I need a hot line to heaven????

“ I am Grandma Smith's first born GREAT grandchild. I proudly can vouch that she was one woman that has touch my life and put such a positive impact on my on who I am today. I spent an abundant amount of my youth with grandma and have too many memories to post on this page. Aside from my mother, there are three ladies in my family that have been the strongest willed, most motivated, loving and supportive family in my life. Grandma Smith, my grandma Sharon, and my aunt Tracy. I have known over all, no matter what transition I went through in my life, they loved me no matter what. I have seen families through out my life that didn't have bonds and relationships as ours did and every bit of the closeness our family had prior to grandma going into the nursing home was 100% because of her. When she was taken into the nursing home, I lost a part of me because the family bond I grew up believing was the only way a family could survive had came almost extinct. And now that grandma has past a part of my heart went with her. I pray that this will be for our family to reunite again on grandma's behalf because it was one of the most important things to her in her life. She brought us together for most of our lives, maybe her passing will bring us back together again. I love you Grandma Smith and will miss you so much. I look forward to the day we meet again! God bless you!
