“ I rember when we had her birthday party, and we got up and done the chicken dance.! Grandma really loved it. I rember when she would flip my daddy off.. I rember when she poured cold water on my sister. I know my grandmother was a very strong woman. Grandmother will be very missed. I love you grandma and I will see you One amazing day!!! When you was alive grandma, you always made my day, you are still here in ur spirtial form, and i know that you love all of us. Even though you and i sometimes never got along that much, i want you to know how much i really love you.. You are the best grandmother ever. I love you more than any thing.. You used to tell me to do good in school. I was raised by you, and i grew very close to you. I no that you are not suffering any more. When i was little you used to spoil me to death. You was their for me when ever i needed you. Now that you are gone you will be very missed dearly. I will miss you every time i get off of the bus, and you are sitting up waiting for us when we get off. You always said its 4 o'clock already. Send them Back!!! And every time you get something that i want too, you always shared things with me. You and daddy were something else, You and daddy would argue back and forth. Grandmother would always win. When you died in the hospital, and i came in i couldn't handle it, i knew how much i love you. I think about you all the time, and i love you very much.. My love is growing alot for you. I just can't believe that your gone. I love you, Rest In Peace..
