to my children he was Uncle Dean, and influenced them a lot. He was proud to serve his country bravely and really enjoyed life, liberty and the pursuit of happiness. As an ambassador for Tyson Meats, he drove over a million safe miles and tutored new drivers. We shared ideas on sci-fi and Space Exploration. Dean was knowledgeable on Star Trek and Isaac Asimov. what I loved best of him was his assistance of recording puppet skits voices with our families. I had to rewrite many because of his added witty humor. More of a brother, than a cousin and neighbor. Much love and respect -Deano (Dean Tatreau)
