“ in the mid 1970 era, I was a Country DJ in Greenville, MS by the name of Mickey Farrel. Ferrell cut my hair, and felt honored somehow that I would allow him to do so. I loved going to his shop, as we always had fun and he treated me as a celebrity
RIP my old friend.

“ One of my earliest memories was of Uncle Ferrell lifting me up so I could see the cuckoo bird coming out of the cuckoo clock that hung on the wall in my grandparents’ house. He was probably in his early twenties at the time. I remember him being very gentle & soft-spoken which is how he was with my children when they were young. My son said his favorite memories are of U. Ferrell giving him his first haircut, letting him ride with him on his Kubota tractor, & bringing him grape popsicles after surgery for an eye injury he sustained in first grade. We’re thankful he is no longer suffering & will continue to pray for his family. Sherri
