“ Me and Gary go back a long ways, I thought more of him than alot of people, we worked together on pipeline and other jobs we use to take his beagles down to Rio vesta rd and turn them lose and set on the back of his welding rig and drink our boos and listen to them run until he called them back,by the time they got back we had had another to drink,,ha ha,,we fished together and completely restored a old 450 ih tractor lp gas,I showed him how to make a 3pt hitch for it,,we had a blast fixing it up in my shop,,his son barret even got involved in it ,,there is not a day goes by that I don't think about gary and also his son barret (may he rest in piece) I miss them both,gary especially he was like a big brother to me his life was cut short,,Wildman Terry stiles
