“ I worked with Gerald at Central AR Hospital where he was our Chief Engineer. He was absolutely the greatest engineer I ever worked with in my hospital career. We called him "mr clean" as he was always so neat and looked like he had just stepped of of the shower and came to work. He was the same way with the hospital and kept everything in perfect condition. He extended the life of the equipment and buildings by his attention to detail and commitment to excellence. He was one of the key people that made Central a great hospital. On a more personal note, Gerald had a dry sense of humor which could have landed him on stage as a career comedian. He would keep the management team in a light mood even when things were tough. He was totally committed to his family and loved his children and wife immensely. He continually talked about his kids. He was so proud and loved them so much. I ask Suzanne what she remembered about Gerald and she told the story of him helping us reinstall our kitchen stove after new countertops and touching the electrical wires together and fire shooting everywhere. He shouted "get back get back" but managed to get the stove hooked up with no damage. He also was called to the resuce one 4th of July when I had just purchased a camper and was preparing to use it. Water was leaking all over and I called for his expertise. He basically said in a nice way that everyone but idiots knew to drain the pipes in camper trailers during the winter. He never let me forget that trailer. So, we have lost a "one of a kind", true professional and loving family man. I send my love and affection to the family and just know how much he loved all of you. I am sure your love for him was equal. I loved him too. May god bless you and lead you thru this time of loss. “ I have known Gerald's daughter, Debbie for many years. She talked of her father often and when I met him, I knew why. He was a precious man. I am so happy that I had the privilege of knowing him. I only wish we would have had the chance to go fishing and to try his fried fish and hush puppies he so proudly talked about. He told me that once I ate the ones he made, no others would compare. You will be missed "Geraldine"! My heart goes out to his wonderful wife and family. My thoughts and prayers are with you at this difficult time. -Kristi Hayes & Riley Jane

“ *Mr. Hall was a wonderful man. I had the pleasure of meeting him approximately 2.5 years ago through his daughter Debbie. He allowed me a glimpse into his personal life and what made him tick. He came to Tennessee to allow me to care for him and gave me complete trust (because Debbie said so). He talked openly about his love for the Lord, Mrs. Hall, his children, and his work. I am a better man for having met Gerald, and am grateful for the opportunity to have known him.*

“ When I was young, Gerald worked with my dad. I spent many many hours at the shop after school and he was always so kind to me. Alot of my summer time was spent at the shop too, and he was such a kind hearted man. He was funny too. I was blessed to spend time with him. I know his family was richly blessed because of the man he was. My prayers are with you all during this so difficult time.
