“ *I'll always have a special place in my heart for Guy. We grew up together. We lived close and our families were friends. I can remember hauling hay in the summer, going swimming in the creek, and riding horses on Sunday afternoons. I can still see him in my mind walking over the snow covered hill to come to our house to play Monopoly when school was cancelled for snow. After graduation we seldom saw each other, but I've thought about him often over the years and it always makes me smile.*

My condolences to the family, and I hope the good memories will get you through your time of sorrow.

“ *To Guy, it's just not the same at work without you here. I miss seeing you standing there at the parts window with that little smirk on your face like your up to something all the time. I hope you are at peace and we will meet again some day. To Shiela and the family...I am so sorry for your loss, Guy was kind of a hard person to get to know because he was very private but he loved to talk about his grandkids and he loved you all very much. He may not have always wanted to hear about our problems but he would always listen and sometimes give his opinion. He was a good friend and I miss him.*
