“ I worked with Hazel about 28 years at ITT. She was a special person; a warm, friendly person with great strength of character and a desire to do what was right for herself and others. She showed great love for others and especially for her family. We shared many good times and a lot of laughs during those years at ITT and though we went our separate ways after ITT, Hazel will always be a person remembered and loved by me and all who worked with her. May God's love be with and comfort the family in this time of sorrow.
