“ *I have so many memories from the years I have known Little Howard, most of which include laughing like idiots until we couldn't breathe. And that is how I will remember him, always laughing, smiling, with a kind word and his special way of telling a story that made it impossible not to laugh. You will be missed my friend. So very much ❤️*

“ I'll never forget, the time I was burning trash in the back yard, and it ended up catching the field on fire. I'm out there struggling to put it out with a hose and running back and forth with buckets of water. When you come pulling up alongside it, I guess you saw the smoke cause you were prepared with more buckets of water! And didn't leave until we had it completely stomped out!

“ Little Howard , it is a blessing to be able to call you one of my dearest friends , I have so many memories I am not sure witch one to share , but the memories I miss the most is you just being right down the road from me and was always their to listen to no matter what the matter was , I have to share the time I picked you up walking in front of Paul Crowders walking , I was on a little Honda 50 dirt bike I told you to get on I would give you a ride home this was at 9pm at night , I told you to hold your feet up and don't let them drag because it might cause us to crash , well we got to the coverts on Humes road and the deep gravel made us wobble just a little but we must have been going 35 mph I remember you just stood up like you was gonna get off at that speed and you must have went at least ten foot over my head I crashed on my side with gravel all over my side , but I dusted myself off and pulled back up beside you and said get on I'll give you ride rest the way home , you said no thanks I'll walk the rest the way . I wish I had a picture of both us on that dirt bike . I'll see you again one day little Howard ., love you my friend .
