“ I’ll never forget the memories that I had with Jake. From just hanging out in voice calls, from watching videos together, from streaming podcasts and other fun things to Twitch or YouTube, he was always someone that was easy to hang out and have a great time with. While I unfortunately never had the chance to meet Jake in person, I will always remember him as an amazingly kind person that always wanted the best for everyone. I will forever miss him and will forever cherish the amazing memories we had together.

Thank you for everything, Jake.

“ We did not know Jake, but we regret your loss and sorrow. My wife and I have also lost sons who were a little younger than Jake, and we regret that you are having to again endure this pain of the "valley of the shadow of death." We found that each person grieves in a unique way and time, so we encourage you to allow that in your families. We found a helpful program called “Grief Share” that’s available in many towns in Arkansas and around the country that are listed on the website www.griefshare.org Parents and other family members just like you going through loss of loved ones meet and share their struggles and successes and view a short film that offers helps including advice from counselors. When the timing is right for you, consider looking into the program. May God provide you extra comfort at this time.
