“ *The Fourqureans and the Fosters were next-door neighbors for many years on Randolph Avenue. Jean, herself an "only child", was like a "big sister" to me, another only daughter. She was so kind, so very gentle, and such a wise counselor. I am thankful for her life on earth. I remember quite clearly the day she came to tell me that she was engaged. . .and to show me her diamond. She sparkled more than the ring!*
