“ I graduated with John and he was such a sweet guy in school. Sadly lost track of him after school. But he was a truly unique individual. He loved to draw and play music. My thoughts and prayers go out to his family and friends. You will be missed my friend.

“ I just heard of John Michaels passing. I am so sorry to John Michael's daughter and Brother Jimmy. I have been gone for a long time, since 1980, I saw John once since then, about 10 years ago. I have many great memories of John Michael from a very long time ago. On Christmas Eve we would watch for Santa Claus's location on the news. 4th of July we would blow off fireworks & firecrackers (And almost my hand one year) I thought John had lit it in my hand, then realized I carelessly lit it myself, but not before yelling at him. Thankfully I realized I did it myself and apologized to him. . We went to the Henderson's often and stay for hours, we would play and play. I never felt like the odd man out even though I was the 3rd party and a girl with my brother & John Michael. I loved going to John Michael 's. He was a good guy, he had it rough. I am sad he is gone. I will always treasure my memories of John Michael and our visits to his house. It is comforting to think he is with his Moma, my beloved Aunt Emma again.

“ Mike and I were not only cousins but childhood best friends in Manhattan Beach, Ca. We rode our bicycles a million miles! So many great memories. He came to visit in Ca in our teens and I saw him again in Arkansas when I was 17. I've thought about him a lot especially over the last year. Was hoping to find him. The news saddens me. My thoughts and prayers go out to his daughter and to Jimmy.
