“ There is so much I can say about this wonderful, awesome lady. I first met Jolene (Jody) in April of 2012 when she came in to Delmar Gardens of Ofallon as a patient on rehab. I seen this lady go thru alot. She went thru alot on rehab. When she first came in she couldn't walk. I was her aide all thru her stay on rehab. We became really close. So when she went to long term care. I still kept an eye on her. I would go vist her. And I would always sneak up to the main dining room to see her and she would get so excited to see me. I would always give her a kiss and a hug and always tellher that I love her. When she would see you she would have that excited look on her face and a big smile. She was like family to me. I will always remember and will never forget her. She was one awesome lady.
