“ Hi Folks,

*Sooooo sorry to lose Joe. He was a special friend way back in the old Westinghouse days of the '70's. Definitely a time many of us will remember. The hay-day of manufacturing in southern Virginia. The first.*

*Hopefully I improved his life in some small way. Joe was always an extremely solid contributor. Never ruffled with the complexities of day-to-day work, and always concerned with the truth and the solutions to everything.*

*I miss him a lot, and I am totally with the family and friends (of which there are MANY) in their bereavement!*

*Friends,*
