“ *Karylon was a quite capable assistant in my First Grade classroom back in the early 80's. I enjoyed her pleasant ways and we made a good team to face the extra large class of nearly 35 students. I could depend on her to do her part and even go above and beyond what was expected of her. No doubt Karylon has been appreciated by many people for many different reasons during her lifetime and will be greatly missed by those that have been fortunate enough to know her. Praying the family will be blessed with the peace and comfort to see them through this difficult time.*
