“ I am sorry for your loss. Ms. Foster will never be forgotten because she was one of my first clients that challenged me. She was a special lady and I admired her stamina. I am very blessed to have known her.

“ My dearest Kathyne, I hope I let you know while you were alive what a wonderful neighbor and friend you've been to Ken and me. I've never known a person so dedicated as you've been to Roby all these years. Remember I told you there would be a "special place in Heaven" for you? Well I know you're there and have the most gorgeous wings of all the angels. Please rest in peace and don't worry about Roby. He's in good, loving hands. We'll miss you terribly. Love, Ken and Bunny
