“ To be honest, any moment spent with Kaytie was a great memory. We spent nights laughing, pouring into each other, talking smack to each other. But seeing her work hard, and love people even harder is the everlasting memory I'll have of her. Just two weeks ago she was helping me... I kept trying to pour into her, but she wanted to focus on me. Selfless... love you Kaytie Bug.

“ Oh my sweet Katie. I'll never forget you coming to our house and sleeping on our couch while your mom milked for us. And when you went to town with me and got mad cause I stayed to long. And when we stopped at Sonic to get you something to eat and you were still mad and when I was fixing your fries I got ketchup on your hand and you looked at me , looked at your hand and flipped that ketchup and it landed on my face. Oh how I laugh at that now but I didn't then. Sweet memories  
Love you
