“ Kaytlynn was a beautiful girl she always had a smile on her face blows me away that she is gone miss her and think about her everyday. Not a day goes by that I don't wish she was here so much she has missed here at school. The softball team is playing for her and doing their best to win games in her memory #24 will live on in our hearts and never be forgotten. Sometimes I will write #24 KV on my hand just to have her with me but I know she is looking over us she is smiling ear to ear dancing with Jesus and walking on streets of gold. Words can't express the pain I felt after I found out that she died a feeling I had never felt before came over me like a storm I didn't want to believe she was gone but I knew she was the next day the school did a memorial for her at the flagpole thought that was very sweet everyone wearing green for her. The song why by Rascal Flatts makes me think of her she played softball with passion and shined just like the sun when she took the stage. It's sad that she had to leave this earth at such a young age but we all know we will see her again one day when it's our time to be called home. Jesus needed one more angel to be in his amazing kingdom she wouldn't want us in sorrow she would want us smiling and enjoying life she will never be forgotten as long as Searcy High School is still standing the student body misses her daily even though we may seem like we are okay we still hurt inside. When I went to her visitation she looked absolutely stunning in her casket everything looked beautiful she would have loved it her friends and family were there it turned out beautiful Rest In Peace Kaytlynn Marie Vaughn
