“ Since we’ve been out of high school, I’ve seen Kelly out in about, rather in the gym or tanning bed. She always had a smile on her face and you could tell she loved life. My deepest prayers goes to the family in this time of loss.

“ Oh Kel, where do I begin?? I guess I will start with I love you. We never really told each other that. In fact the last time you did I think you sent it to me and ash on our birthday and we reacted with "are you drunk"? We were never really a lovey dovy I love you family. We showed it though. We showed how much we all loved each other by everything we did. We never stayed still. We were planning and doing stuff all the time. No one had a date night anymore bc we all were together. "Let's call kel and go eat mexican." You loved planning get togethers with family and friends. We were always so busy with all of that. You were the center of everything. You took my girls to church every Sunday. I am going to miss you calling me from a long day at work and saying " I think it's a pergola night" you had a lot of long days!!! I'm going to miss calling you and saying "let's go shopping " and then making you drive and you saying "driving miss daisy "!! I'm going to miss forgetting something of the kids and you calling me mother of the year. You had so much personality. You made anyone you ever came in contact with feel every single emotion known to man. God needed more personality in Heaven. I know you are giving him a piece of your mind but i know you are happy and you are with papaw, granny, pop, uncle Calvin, Aunt Barbara and Sam. Just wanted you to know, I miss you. I'm selfish and want you here planning everything we will do together in the future bc I suck at all that. I'm sure if you could read this you would chew me out for all my grammar mistakes. I love you!

“ I have known Kelly since elementary school and I have no ill memories of her. She was always in a joking mood and seemed to generally care about you. I haven't seen her in many years but I know she will be missed by many friends and wonderful family members. Oh lord bless her soul.

“ I met Kelly through our daughter-n-law Michelle Holloway. Kelly was a blast first thing. We often met her at the kids house and always had such good times! She went to Gulf Shores one summer with us. We had the best time, playing games, crafting with our granddaughters, cooking and sunning on the beach. We loved her!

“ I was one of Kelly's students at UofA Beebe last semester. I don't think I'd have made it through the class without her as my teacher. She had so much to offer by sharing her knowledge, skills, and her classroom stories. I not only considered her a teacher, but my friend. I pray for God's comfort for, her family, but also for each one of her students. She loved them all as if they were her own children. I admired her greatly!

“ I love you sis. Til I see you again is going to be so hard. Not being able to have you gripe at me and asking how AJ was doing during his treatments, is going to be missed. Yes, even the griping part. You were so full of life and never gave up. You set your goals and met each one fully determined. I love you so much!!

“ I’m so sorry to hear of Kelly’s passing. She was always kind, funny, smiley, and so very smart! I have wonderful memories with her from Space Camp in high school with the few of us who got to go. Also, many more lovely memories from the time I moved to Judsonia and started 7th grade until we graduated from Riverview together. Even though we may have lost touch after high school, I’ve always considered her a friend. May God bring comfort to her family and friends. She was one truly wonderful person. ❤️

“ I will miss seeing my friend Kelly everyday at school. She always knew how to make me laugh. Her bright beautiful smile, contagious laughter, and sassy remarks always brought life the school hallway. She was a wonderful teacher to both my children and a good friend to me. Kelly was real and fearless and part of our school family. It will not be the same without her. Prayers for her family, school family, and friends. She touched the lives of many and I am blessed to have been one of them.
