“ Lou was such a character, we all just loved him. He could always make your day just by talking to him. He helped people constantly, always worrying about others, but not himself. He was the greatest gardener, I just loved visiting him and seeing a new garden each year with giant vegies that he always gave away. I had never seen 40' beans growing, until I visited him one day. He gave me some beans to plant and I called them the Jolly Green Lou Beans. He was the most considerate and kind person I have ever known. So sorry to hear of his passing, My condolences to his family and friends.
