“ So many memories for July 4th year after year, family reunions, and Grandpa telling his stories of the farm. He always reminded Monica to bring her swim suit for the pond, talked to us for hours about his cows in the pasture and going out to his wood shop to make a potato box. I still have mine and I will keep it always.

Grandpa loved the all little ones running around the house when all the family was home and he loved to have them sit with him. I remember his place on the sofa in the living room with his newspaper spread out and how his face would light up to see us all come in the house.

I remember when he would want to keep his fire burning so hot then he would ask for more wood even when it was hot as blazes in the living room.

I remember him sitting with me so I could record his stories and I am so thankful now that we have those to share with family. There could only ever be one Luther Mason and I will remember with love him because he is the only Grandpa I have ever really known.

Thank you Luther - for Carlon because without him there would be no Corey and without him - I would have never been a part of your family.

“ Please accept my sincere condolences to the family. I am the second daughter of Blane Mason. I attended school at Velvet Ridge with some of the family. Those were fun days; walking the rock fence, jumping board and a lot of ball games.
