“ Dear Ray & Stacy,

*I was sorry to read of your mother's death. My fondest childhood memories involve both of you as we "wore out" the highway and back roads on our bikes during those years. Your Mom was always kind to me as I invaded your home on a regular basis during those years. Every time I ride through Scottsburg and past your old home, those times flood through my mind and I smile and laugh! Thanks for the great memories, and may Jesus Christ comfort you during this time.*

“ Family,

*So sorry to hear of Margaret's passing. I was talking about Margaret to my sister Saturday. She will be missed. Will be saying prayers for the family.*
