“ *Mac Nester was truly a fine man. My family and I had the pleasure of knowing him many years at Catawba Baptist Church. He always had a welcoming smile and a kind word. My sympathies go out to his family during this difficult time.*

“ It is with deepest sympathy to Mac’s family that I write this memorial. Anyone that knew Mac could easily recognize that he was a fine man in every respect. As a devoted husband, caring father and considerate man to all that he met, his passing signifies not only a heartfelt loss to his family, but also to that of the community.

Although he has now departed from this life, the fond memories I have of Mac will always remain. We enjoyed countless hours in the woods and on the waters hunting and fishing. And of course, how could I ever forget the fine food that came out of Mac’s kitchen.....to all that may not have known about his culinary skills, I’ll just say that Paula Deen had absolutely nothing on Mac Nester.

In closing, my sincerest condolences and prayers of comfort go out to Ruby, Janet, Sandra, Lisa and their families. In this most difficult time, please rest assured that you are not alone, but are in the company of so many that care for you during this most difficult time. Mac will certainly be missed, but he will always be remembered in the highest regard.
