“ Overwhelmed with grief from the news of his passing, I sat and figured up exactly how many years Michael Heath has been my friend. Nineteen years I've known him. It was within those first couple of years, during deer season, I had been trying to get a deer drug home from the woods behind my house, I was exhausted and irritated as I came back home without it. I remember saying out loud that the NEXT person I saw, I would recruit to help me! Before long came a knock at the door, with new found excitement I bounced up and opened the door, to find Michael... the littlest guy I knew, destined to be the first person I saw. He was glad to help, and with a wheel barrel, a piece of plywood, and a whole lot of gumption, we got that deer home. Both of us filthy, dripping with sweat, and laughing so hard by the time we got done.... And it was just this past year that Straightpipe and Shawn showed up at my house and we laughed and talked for hours. I will cherish these memories, as it is a privilege to of called him "friend". Rest in Peace Michael Heath Crenshaw, you will not be forgotten.

“ Michael is at peace now , I remember when he come to my house he talked about his dad and grandma Hazel , he loved her with all his heart, and how much he missed her , then him and my son Michael started driving truck together and he would have all kinds of stories to tell me , I'd get up in the middle of the night and go to Searcy to pick them both up , they were so comical telling their stories about driving truck , Michael went to heaven loving what he liked doing ""driving truck"" God bless him and the family, we just have our good old memories and we will see him again someday , when things settle then I will come talk to Thomas and maybe we can communicate and I could help him through his grieving ,people don't know what it's like unless they have went through the same situation , I pray for Thomas and family , God Bless
