“ to the family of my dear friend the things i remember the most was that he was a strong willed person if he wanted it he would find a way he was the type of person that would show up unexpected and just walk on in because he knew he was always welcome here anytime any state we all love him so much he was a bit crazy and spontanious but if he said he was going to do something he always came through... if we ever needed something even if it was just to listen to our issues he was there.... he will be missed greatly...im sorry to anyone that feels the lost of this friend,loved one, daddy, son, brother uncle his time on earth wasnt long but what he left on this earth we will love forever. sophia . she has to be the best thing that he ever accomplished... so much love around that sweet baby girl and the family of my dear friend morgan.
