“ To the family of Noah Shane Harrell: I have never met you or Noah, but when I saw his photo in the paper there was something about it that drew me in. His gentle eyes and sweet smile told the story of a young man with a caring personality. That he is gone so soon must be a pain unimaginable. You are in the thoughts and prayers of a stranger who saw something special in the eyes of young Noah.

“ We did not know Noah , but we regret your loss and sorrow. My wife and I have lost sons a few years older than him and we want you to know that you can endure this pain as you go through the "valley of the shadow of death."

We found that each person grieves in a unique way and time, so we encourage you to recognize and allow that in your families. As time passes you will be able to recall times of happiness with your Noah and that will help you deal with the loss.

We are of the Christian faith and we dealt with our pain of loss based on our belief that God is still sovereign, even when we don't understand tragedy. We hope that friends will share with you their memories of the good times with him..

“ Noah was such a bright and funny kid he always made people laugh. I worked with his brother at McDonald's and Noah would come see his brother and would make jokes and make us all laugh, and he will be missed but never forgotten.
