“ *To our extended family and long time friends, we would like to extend our deepest condolences and want you to know that Laverne was my second mother. She saw no color when she took me in her house when I was a little boy and fed me many times. This is the kind of love that God wants us all to have. I am just thankful that she was a part of my life and I will never forget her and what she has taught me about God's love. We are praying for you all Roger!!! Hermon*
