“ Papa, I love you more than you will ever know. You are and have always been my hero. You taught me how to believe in myself and strive for perfection. You taught me hard-work and unconditional love. I know I used to hate working on the farm, but in my adulthood I am thankful for those days because you taught me that with hard work and persistence you can see your accomplishments flourish. I am sorry that I can't make it in for your funeral, but know that I love you and miss you. When I got the news that you had passed on Valentine's Day and was reminded that you went to be with your sweetheart my heart melted. You and granny taught me that true love does exist in this world and I am lucky to be one of those people that have found true love because of what you and granny taught me. I am so very honored and proud to be your granddaughter and will carry you in my heart forever. My heart feels like it has been ripped from my chest but I know that you are no longer in pain and no longer suffering. You and granny have a wonderful time up in Heaven and I know that you both are watching over each and every one of us. I love you both very much.
