“ My name is Christa Gibbs and I am in total shock. I feel horrible that I am just now finding out that she passed. Paige and her family lived 2-3 houses up from ours and Paige and I played together everyday. I was either at her house or she was at mine. For me, this hits so close to home because I am 1 week older than her and she was way too young to pass. I know some time has passed but I'm sure there are still difficult days. I wish I knew what happened, but on those hard days, take a deep breath and rejoice in the fact that you all will see her again. I truly am sorry for your loss. Our God is mighty and he always finds a way to create something positive out of a negative situation. My thoughts and prayers are with all of her family and I pray that you will have Peace that surpasses any human understanding.

“ We had so many good times sharing outings together. Even though we hadn't done anything together lately, I will always remember the parties, conferences, plays, and bible studies that we attended together. Her laugh and love for others was contagious. My heart hurts that her time here was not longer but look forward to our reunion in Heaven one day. My favorite memory was when Morgan was just a baby, her, I and Jane Stubbs attended “A Taste Of Home” seminar at the Benson auditorium. Her number under her chair was drawn and she won a bag of free groceries. We all left feeling like winners!

“ Bill & Donna, I am so sorry.....I know Paige was the light of your lives. She was always such a sweet girl.....I will be forever glad to have been a babysitter for her as a little girl....I still see her cute little blonde pig tails. You both, along with her husband and sons are in our thoughts and prayers. May God fill you with peace and comfort in the coming days and months ahead. The Shields family have a special place in the heart of the Melton family.
