“ *I am so sorry for your loss. Pam was older than me when we were growing up, so I didn't have a close relationship. She was always kind and helpful though, and Mutt and Kenny were like Aunts and Uncles.*

I was inspired by the things written about her in the obituary. I know she will be truly missed. You are in my thoughts and prayers.

“ I can not tell your family how sorry I am ofr their loss. You were such an inspiration to me. I will never forget how you and Jada would come into the office together, with so much love for each other. Jada would always be the one with all the questions and you, being you would always try to put her mind at ease. You were always so worried that you were going to be a bother, but you never were. Your love of God and family and your overall peace with what was given to you will forever be in my heart. Although you will be missed from this world...enjoy your much deserved rest with Jesus. I loved you and your family and will always have fond memories of you. You will be missed. To your family...May Jesus hold your broken hearts in the palm of his nail scared hands! You wil meet again.
